INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1948-49 edition of the Fayetteville City Directory.

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 532, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 108, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Fayetteville. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Fayetteville, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 641 to 719, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 721 to 811. In this section the names of the streets are

arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville.

The Fayetteville Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of the Fayetteville Chamber of Commerce, for free reference by the general public. This is one of 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

FAYETTEVILLE

AND

CUMBERLAND COUNTY

(Information compiled by Fayetteville Chamber of Commerce)

City governed by mayor and board of 8 aldermen.

Assessed value of city property for taxation purposes, \$21,-602,008 (1947).

An alert city police force of 64 men, under civil service.

The city has been rated by the National Board of Fire Underwriters as Grade 4. 3 fire stations are maintained with a force of 44 men under civil service.

A curb market, open Wednesdays and Saturdays.

A full-time Chamber of Commerce.

A Junior Chamber of Commerce.

Statistical Review

Form of Government—Aldermanic.

Population—1940 U. S. Census, 17,428; estimate at present, 54,000.

Area—6 square miles.

Altitude—174 feet above sea level.

Climate—Mean annual temperature, 61.7 degrees F.; average annual rainfall, 48.1 inches.

Assessed Valuation—\$21,602,008 (1947), with \$.90 per \$100 tax rate.

Bonded Debt—\$1,282,700 (July 1, 1947).

Financial Data—3 banks and 3 building and loan associations.

Telephones in Service—5,117.

Churches—45, representing 10 denominations.

Industry—Chief industries of city and surrounding territory: Manufacturing and agriculture. 62 manufacturing establishments, employing 4,927 men and women. Principal manufactured products: Cotton yarn, rayon products, furniture, fertilizers, lumber and planing-mill products, brick, plywoods, mattresses, cottonseed products, chemicals, food products and hosiery.

Trade Area—Within a radius of 50 miles of Fayetteville are 7 entire counties and parts of 9 others. The total population of the 16 counties is 785,300. This population is not all in the Fayetteville trade area. The trade area is approximately 35 miles north, 50 miles east, 75 miles south, and 70 miles west. It is estimated that within this trade area there is a population of 500,000. For the 7 counties entirely within a 50-mile radius, the retail sales for 1946 were estimated to be \$104,695,000. For the 16 counties which are wholly or partly within a 50-mile radius, the total estimated retail sales for 1946 were \$271,339,000.

Newspapers—1 daily and 1 weekly.

Hotels—4, with total of 358 rooms.

Railroads—3: Atlantic Coast Line, Norfolk Southern and Aberdeen & Rockfish.

Highways—U. S. 15-A and 301; State 24, 58, 87, 102 and 210.

Airports—2, including 1 municipal.

Amusements—Largest auditorium in city seats 890 persons. 5 moving-picture theatres, with total seating capacity of 3,490 persons. 2 golf courses.

Hospitals—Fort Bragg, 2,500 beds; Veterans, 310 beds; Highsmith, 125 beds; Pittman, 100 beds. Total 3,035 beds.

Education—10 public schools, including 1 senior high and 1 junior high. 1 parochial school. Number of pupils in public schools, 4,175.

Public Libraries—1, with between 10,000 and 12,000 volumes. City Statistics—Total street mileage, 150. Number of water meters, 7,926; light meters, 9,729; gas meters, 1,456. Capacity of water works (municipal), 1,225,000,000 gallons. Paid fire department has 44 men. Police department has 64 men.

General Review

With a mellowed historical background, Fayetteville is one of North Carolina's most progressive and fastest growing cities. Blessed with an atmosphere of friendliness and hospitality, unexcelled health and climatic conditions, splendid schools, churches, hospitals, banks, hotels, newspapers, good agricultural environments, excellent transportation facilities, a large trade territory and a diversity of industry, Fayetteville has all the factors required to make a well-balanced community.

HISTORY—For a number of years prior to 1791, Fayetteville was the capital of North Carolina, and during that period several historical events occurred, such as North Carolina's Ratification of the Constitution of the U. S., the ceding of the State of Tennessee to the U. S. Government, and the chartering of the University of North Carolina, all of which was done during the year 1789. The town was originally known as "Campbellton" and was "laid out" in 1762 by a colony of Scots who had settled in this area about 1739. Three years later, in 1765, another Scottish settlement was made one mile west of Campbellton and was named "Cross Creek." During 1778 these two communities were merged under the name of "Upper and Lower Campbellton," but changed to "Fayetteville" in 1783 in honor of General Marquis de Lafayette, the gallant Frenchman who aided America in gaining its independence, and at that time the city was incorporated. General LaFayette paid Fayetteville a visit on March 4, 1825, but the naming of the town for him 42 years earlier was in recognition of his services to this country, and not to commemorate his visit, as many have erroneously believed.

LOCATION—Fayetteville, the county seat and approximately in the center of Cumberland County in the southeastern part of North Carolina, is located on the west bank of the Cape Fear River, 115 miles northwest of Wilmington by water, 90 miles by highway, and 84 miles by rail.

TOPOGRAPHY—Fayetteville and contiguous territory is situated in a gently-rolling type of country, affording natural drainage, with a clay subsoil and a porous, sandy topsoil of such character as to prevent the accumulation of water puddles of long duration or offensive mud after heavy rainfalls. Fayetteville is also at the eastern border of, and included in, the famous "Sand Hills" section of North Carolina, in which Pinehurst, Southern Pines, Sanatorium, and other well-known winter and health resorts are located.

CLIMATE—Though the varying seasons are well-defined, Fayetteville is not subjected to extremes of either hot or cold weather. Industrial plants are unhampered by climatic conditions, and sunstroke is an unknown quantity. Fayetteville's elevation above sea level ranges from 104 feet at the Market House to 170 feet on "Haymount" in the western part of the city. Its rainfall is well distributed,

and during the past 40 years has averaged 48.1 inches per annum. During a slightly longer period the average annual temperature has been 61.7 degrees.

CHURCHES—Fayetteville might well be called a "City of Churches," having 27 white churches, and 18 colored. Ten denominations are represented, and some of the edifices would do credit to a much larger city. The people go to church and Sunday school regularly and are always ready to extend a warm welcome to visitors.

HOSPITALS — Fayetteville has several modernly-equipped hospitals, all served by skilled physicians and trained nurses. Hospitals located in Fayetteville and vicinity are as follows: Highsmith Hospital, 125 beds; Pittman Hospital, 100 beds; Fort Bragg Hospital (9 miles distant), 2,500 beds; Veterans Administration Facility for North Carolina (cost \$1,500,000), 310 beds; Cumberland County Sanatorium, 31 beds.

RECREATION—Fayetteville has a public nine-hole golf course; a country club golf course; ten municipal tennis courts; a baseball field, with approximately 2,200 grandstand seats and an active baseball club; five motion-picture houses, with a combined seating capacity of 3,490; a well-maintained Y. M. C. A., with swimming pool, gymnasium, recreation rooms, etc.; a city library; two bowling alleys, and five pool and billiard parlors. At Fort Bragg, nearby there are facilities for many forms of recreation, such as polo, tennis, baseball, football, boxing, bowling, basketball, golf, fishing and horseback riding.

WATER SUPPLY—Fayetteville enjoys an adequate and unfailing supply of spring water flowing from the adjacent sand hills, analyzed four times a year, under daily supervision and control, and its water supply has always proved to be unsurpassed from the standpoint of excellence and purity. The City owns and operates its own water works, controlling three reservoirs, with a combined capacity of 1,225,000,000 gallons.

HIGHWAYS — Fayetteville is especially well-equipped with a network of improved highways. Eight of these are hard-surfaced, and radiate in all directions toward the population centers of the country. Included in these are U. S. Highways 15-A and 301, intersecting at Fayetteville, and which carry the bulk of motor traffic between the congested areas of the East and Florida winter resorts; also N. C. 87, crossing the state diagonally. As a stop-over point, few cities, if any, are more highly regarded by tourists than Fayetteville.

AD VALOREM TAXES—Basis for property assessments for taxation, approximately 60% of actual value; and the ad valorem tax rates for all purposes are as follows: County and special school district, \$1.46; City, 90c per \$100.

BUS TRANSPORTATION—With two exceptions, Fayetteville enjoys the most frequent bus schedules of any city in North Carolina. This service is rendered by the Queen City Coach Co., the Atlantic Greyhound Corp., and the Carolina Coach Co., all of which operate spacious, modern buses out of new, well-appointed union bus station, centrally located. In addition, an adequate suburban bus service is available to and from populous centers in the outlying areas.

RAIL TRANSPORTATION—Fayetteville is located on the double tracked main line of the Atlantic Coast Line Railroad, 214 miles south of Richmond and 466 miles north of Jacksonville. The same company operates three branch lines out of Fayetteville, reaching Wilmington and Sanford, N. C., and Columbia, S. C., together with intermediate points. The city is also served by the Aberdeen & Rockfish Railroad, connecting with Seaboard Air Line trunk stem at Aberdeen, N. C., and the Norfolk Southern Railroad to Raleigh, Durham, Charlotte, Norfolk and other important centers.

RIVER TRANSPORTATION—Fayetteville is at the head of navigation on the Cape Fear River, making it the farthest inland port in North America. The Federal Government has completed the canalization of this stream to Fayetteville at an expenditure of \$2,970,000, including locks, which provides for a year-round minimum depth of eight feet of water and an average flow of 4,900 cubic feet per second. The City of Fayetteville, at a cost of approximately \$95,000, has provided river terminals, including warehouses, loading platforms, crane, rail connections, etc. With such facilities available, and the substantial savings in transportation charges as may be effected by the water haul into Fayetteville, this city makes an ideal location for the distribution of heavy commodities. It is believed that the old-time importance of the Cape Fear as a traffic artery will, in a measure, be regained.

LABOR CONDITIONS—Having a large rural population on which to draw, industry in the Fayetteville area is assured of a practically inexhaustible supply of native-born labor that is loyal, capable, easily trained, and willing to work for reasonable, "live-and-let-live" wages. American-Plan Open-Shop conditions prevail generally, and public sentiment overwhelmingly supports this policy.

INDUSTRY—While Fayetteville is primarily an agricultural city, industry is well represented by plants manufacturing cotton yarns, rayon products, curtains, draperies and upholstery, full-fashioned hosiery, chemicals and allied products, wooden containers, lumber and planing-mill products, veneers and plywoods, office and store fixtures, metal products, stone, clay and glass products, waste, mattresses, cottonseed products, food and kindred products, etc. In addition, Fayetteville has three tobacco markets, a tobacco re-drying plant, five printing and publishing plants, two cotton gins, and three steam laundries. The total industrial employment includes approximately 4,927 people, 70% of whom are male and 30% female.

VETERANS' HOSPITAL—Due to its strategic location and other favorable factors, Fayetteville was recently awarded the Veterans' Administration Facility for North Carolina, the initial cost of which was \$1,500,000. The main building, embodying the architectural features of Fayetteville's "Olde Market House," is a most beautiful and imposing structure. This institution has proved of great value and a pronounced convenience to the war veterans in the Fayetteville area in need of hospitalization.

FORT BRAGG—Located nine miles northwest of Fayetteville, on State Highway No 87, is Fort Bragg, the largest artillery range in the world, embracing approximately 130,000 acres of land. The Government has spent an enor-

mous sum for new buildings and other improvements. A total of 2,650 new buildings have been built, including three hospitals—one of 250 beds, one of 1,000 beds and one of 2,000 beds; four large cold-storage plants; and two huge water tanks—one of 300,000-gallon capacity and one of 1,000,000-gallon capacity. The personnel reached 140,000 at its peak during the war. At present the personnel is approximately 18,000. This institution is a very valuable asset to Fayetteville and to the State of North Carolina, and its personnel is especially appreciated since it is of the highest type and most cooperative in every way.

POINTS OF INTEREST—YE OLDE MARKET HOUSE: Originally the site of the State House when Fayetteville was the capital of North Carolina. Destroyed in the great fire of 1831 and rebuilt in 1838; still in perfect condition and regarded by experts as an architectural gem. Now being utilized as a public library and rest room. **LIBERTY POINT:** At this spot on June 20, 1775, more than a year before the Philadelphia Declaration of Independence, 39 Cumberland County patriots met and adopted resolutions of independence and pledged themselves to the defense of American liberty. The spot is suitably marked with a tablet, embedded in a granite boulder, with the names of those dauntless men engraved thereon. **COOL SPRING:** An old Indian spring and for more than a century the main drinking water supply of lower Fayetteville. It was here that Flora MacDonald, the Scottish heroine whose heroic act saved the life of "Bonnie Prince Charlie," is said to have reviewed the Highland Scotch Army led by her husband, Capt. Allen MacDonald, just before it started on its ill-fated march to Moore's Creek Bridge in 1776. **MASONIC LODGE:** Organized in 1760 and with records back as far as 1788. General LaFayette visited this lodge on his memorable trip to Fayetteville in 1825, at which time he delivered a speech from the balcony of "Ye Olde Market House" thanking the people for naming the town in his honor. **OLD ARSENAL SITE:** It was here in 1838 that the U. S. Government erected a huge arsenal on a beautiful tract of 40 acres. Part of the machinery used in the arsenal was brought from Harper's Ferry. When the War between the States began, the arsenal was seized by the Confederates for the manufacture of small arms. It was recaptured and completely destroyed by Sherman's army in 1865. A suitable marker, built with some of the old foundation stones, is on the grounds. **CONFEDERATE MONUMENT:** One of the most imposing of similar structures, situated within two blocks of Cross Creek Cemetery, where a Confederate shaft was unveiled Dec. 30, 1868, said to have been the first of its kind in North Carolina, and the second in the entire South.

TRULY, FAYETTEVILLE'S PAST IS GLORIOUS AND ITS FUTURE PROMISING.

VITAL INFORMATION AT YOUR FINGER-TIPS!

● Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

CASHIERS! TELLERS!

— CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A Grandfather Talks To His Grandson!

“Young Fella, I Can Remember 'Way Back Before the Days of Electricity”

“Yes sir, son, you're living in a wonderful age. Your Mother doesn't have half the work your Grandmother used to do. . . . Your Mother does everything by **ELECTRICITY** . . . and another thing, son, the savings your Mother makes by being an electrical user will amount to enough to send you to College.”

“Yes sir, you're a lucky fella, living in this modern **ELECTRICAL AGE.**”

The advertisement features a cartoon illustration of a man in a suit holding a large sign that reads 'WE DID A LIFETIME JOB OF FUEL SAVING'. A small dog is running to the left. In the bottom right corner, a worker wearing a cap labeled 'BALDWIN-HILL' is shown applying insulation with a tool. The text 'B-H HOME INSULATION' is written in a stylized font within a cloud-like shape. Below the illustration, the text 'Metal Weather Strips, Paints, Hdwe and Electric Appliances' is listed, followed by 'STANDARD INSULATION CO.' and 'BRAGG BLVD. TEL. 6398 or 7017'.

**The CITY DIRECTORY has a definite place in
the Business Man's Post-War Plans**

The average market is nothing like it was at the outbreak of the war. The extent of change has been tremendous. Use the new City Directory to reanalyze the city—to see what it has gained and lost—to check the movements and trends—to secure a record of the vast army of removals—to organize for merchandising new products and services.

The City Directory Is an Unbiased Picture that Tells a Story

WHY A BUYERS' GUIDE ?

★ It is customary to include a Buyers'
Guide in the City Directory because :::

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

CASHIERS! TELLERS!

— CLERKS! —

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**The Thrift Center
of Fayetteville****HILL'S****FAYETTEVILLE****Directory of Household,ers, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide****1948-49**

Copyright, 1948, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Figures following names denote number of persons living at that number.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance)
